SITUATION SUMMARY

Northern California Fires (see *Fire Activity Section* for additional information):

Interlake Vegetation Fire, Monterey County (New)

Fire Information:

Interlake Road southwest of San Antonio Reservoir, Monterey County

Per Cal OES Fire Duty Officer and CALFIRE as of 07/07/14 at 1812 hours:

- SRA
- Start Date / Time: 07/07/14 at 1636 hours
- 45 acres, 0% contained
- Moderate to Dangerous Rate of Spread
- Cal OES Law Duty Officer advised per Monterey County Sheriff, residents are being allowed to return to their homes. Evacuation advisories were previously issued to residents along Smith Road and Bryson/Hesperia Road, no reverse 911 was used, and SO went door to door with the fire department making PA announcements.
- Per the Cal OES Coastal Region Duty Officer, no shelter requested at this time

Hutto Vegetation Fire, Monterey County (New)

Fire Information:

Hutto Road at Keller Road, Penn Valley, Nevada County

Per CALFIRE as of 07/07/14 at 1839 hours:

- SRA
- Start Date / Time: 07/07/14 at 1635 hours
- 35 acres, grass and oak woodland, 5% contained
- Slow rate of spread
- Evacuations on Kendall Road

SITUATION SUMMARY

Northern California Fires (see *Fire Activity Section* for additional information):

Monticello Vegetation Fire, Yolo County ([Update](#))

Fire Information:

Highway 128 near the Monticello Dam, Winters, Yolo County

Per Cal OES Fire Duty Officer and ICS 209 dated [07/07/14 at 1725 hours](#):

- SRA
- Start Date / Time: 07/04/14 at 2130 hours
- 6,488 acres, [45%](#) contained
- Moderate Rate of Spread
- Residential Structures Threatened: 10
- Orders for Overhead and strike teams were placed to OES on 07/05/14 and 07/06/14
- CAL FIRE Incident Management Team (IMT) 5 has been assigned to this Incident
- Total Personnel Committed: [1789](#)
- [Per the Cal OES Law Duty Officer, Yolo County Sheriff's Office advised that evacuation advisories have been lifted for residents on State Route 128 from County Road 87 to Positis Road](#)
- [The Canyon Creek area is still under an evacuation advisory](#)
- Per the Cal OES Inland Region Duty Officer, the evacuation shelter at the Winters Community Center, was closed at 2200 hours on 07/06/14
- High Tension Power Lines threatened, PG&E is monitoring
- [Two Cal OES Assistant Fire Chiefs are assigned with one Support Unit](#)
- Public Safety Communications has two technicians assigned to the incident

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Northern California Fires (see *Fire Activity Section* for additional information):

Butts Incident, Vegetation Fire, Napa County (Final)

Fire Information:

10 Miles SE of Middletown, Shasta County

Per Cal OES Fire Duty Officer and ICS 209 dated 07/07/14 at 1735 hours:

- 4,300 acres, 95% contained
- Residential Structures Threatened: 180 Destroyed: 2
- Other Minor Structures Destroyed: 7
- Fire Management Assistance Grant (FMAG) was approved. FEMA-5057-FM-CA
- CAL FIRE Incident Management Team (IMT) 5 has been assigned to this Incident
- Mop up and demobilization continues
- Total Personnel Committed: 271
- Road Closures are in effect

Cassel Fire, Shasta County (Final)

Fire Information:

Cassel Road at Thrush Road, Community of Cassel, Shasta County

Per Cal OES Fire Duty Officer and ICS 209 dated 07/07/14 at 1750 hours:

- SRA
- Start Date / Time: 07/04/14 at 1844 hours
- 75 acres, Oak Woodland, 85% contained
- Forward rate of spread has been stopped
- Mop up continues

SITUATION SUMMARY

Northern California Fires (see *Fire Activity Section* for additional information):

Coleman, Vegetation Fire, Modoc County (Update)

Fire Information:

25 miles east of Fort Bidwell, Modoc County

Per Cal OES Fire Duty Officer and ICS 209 dated 07/07/14 at 1728 hours:

- 15,246 acres, 90% contained
- A Type 2 Incident Management Team (IMT) has been assigned

Gulch, Vegetation Fire, Modoc County (Final)

Fire Information:

15 Miles North of Canby along Hwy 139, Modoc County

Per Cal OES Fire Duty Officer and CALFIRE on 07/07/14 at 1811 hours:

- SRA/FRA
- Unified Command with CAL FIRE LMU and Modoc National Forest
- Start Date / Time: 07/04/14 at 1546 hours
- 5 Fires, 1,469 acres, Grass and Brush, 100% contained
- 681 acres SRA, 788 acres FRA

SITUATION SUMMARY

Southern California Fires (see *Fire Activity Section* for additional information):

Ranch, Vegetation Fire, Kern County ([Update](#))

Fire Information:

Per Cal OES Fire Duty Officer and ICS 209 dated [07/07/14 at 1828 hours](#):

10 miles west Lake Isabella, Kern County

- FRA
- [70](#) acres, [60%](#) contained
- Cooper Type 2 IMT assigned
- Local Government overhead assigned
- Fire is holding in place with the help of daily air support
- The demobilization of resources has begun and will continue to increase
- A fire suppression repair plan has been completed and the work began on 07/07/14

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- A drought Resolution was received on 07/07/14 from the Cortina Rancheria Kletsel Dehe Band of Wintun Indians located in Colusa County, declaring a drought emergency and instituting water conservation measures. There were no unmet needs by the County and no State assistance requested.
- SOC / Inland REOC remains activated in support of 2014 Drought

Significant Weather

- Red Flag Warning in effect from 1200 hours Tuesday until 2300 hours Tuesday evening for portions of Modoc and Siskiyou Counties.
- Fire Weather Watch in effect from 1100 hours to 2300 hours Wednesday for portions of Lake, Trinity, Tehama, and Mendocino County.
- Fire Weather Watch in effect from Tuesday afternoon through Tuesday evening for portions of Modoc, Lassen, Nevada, Plumas, and Sierra Counties.

Link to NWS Experimental Heat Impact Levels Interactive Map: <http://www.wrh.noaa.gov/sto/heat/>

SITUATION SUMMARY

Sonoma County Protest

The DA has announced her decision to not prosecute the Deputy Sheriff involved in the shooting which killed teenager Andy Lopez last year. As expected, this decision has prompted some to begin their protest plans.

- Sonoma County Sheriff's Office activated their DOC at 1200 hours today and will activate again at the same time tomorrow.
- Per Sonoma County SO, protest numbers are low this evening, yet disruptive, shutting down southbound traffic and are marching to the scene of the shooting.
- Tomorrow at 1300 hours, a planned protest will occur at the DA's Office and a second protest is scheduled on Saturday at noon at the downtown Santa Rosa Plaza.
- Per Cal OES LDO, there are no plans to call for LEMA but LDO will continue to monitor along with Alameda SO and Marin SO.

Link to NWS Experimental Heat Impact Levels Interactive Map: <http://www.wrh.noaa.gov/sto/heat/>

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

Strong high pressure over portions of Northern California will push afternoon temperatures to 10-15 degrees above normal with relative humidity dropping to 2-12% in inland areas through Tuesday, with widespread poor relative humidity recovery. The hottest area will be the Northern Sacramento Valley, where temperatures will reach 108-113 today. Winds will be fairly light during this time. Slightly cooler and more humid conditions are expected Wednesday through Friday as the high weakens, but the high will build back over the area this weekend. Subtropical moisture is spreading into portions of Northern California from the south. Isolated dry thunderstorms are possible over the higher terrain (above 5000 feet) just about anywhere in the Region today, but the most likely area is the Northern Sierra up to about Lake Almanor. Limited moisture will mean that the total number of strikes today will be small (less than 100), but dry strikes are possible. Thunderstorm chances will increase by early Tuesday, possibly prior to sunrise, and include the Central Coast Predictive Services Area early in the day, but afternoon and evening activity will mainly be focused over the northern and eastern mountains. More rainfall is expected with the storms on Tuesday, but some dry strikes and ignitions are likely with this pattern. From Wednesday through Saturday thunderstorms will be mainly east and south of the Northern Operations area. However, on any afternoon isolated storms may creep into the eastern parts of Northern California.

WEATHER

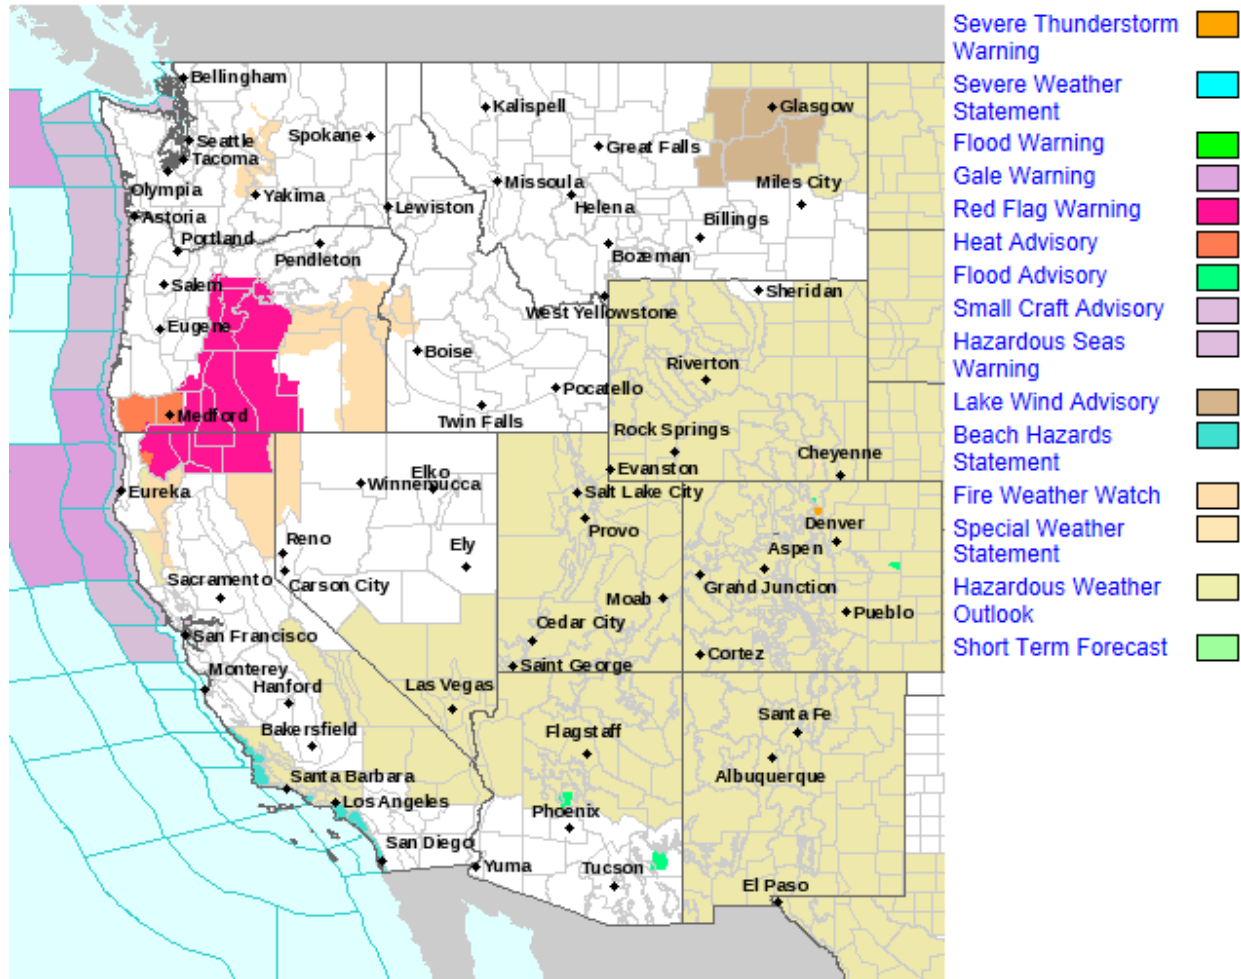

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA

Subtropical moisture will remain in place much of the week, leading to scattered afternoon and evening wet thunderstorms across the Sierras. Most of the storms will be confined to the higher elevations above 8,000 feet. Elsewhere, isolated thunderstorms will be possible across the deserts and adjacent areas of the San Bernardino, Angeles and Cleveland National Forest. Temperatures will continue to run 5-10 degrees above normal today with highs in the upper 90s in the Southern California valleys, 100-105 across the interior valleys of Central California to 110 in the low deserts. The Central Coast region will see minimum relative humidity drop into the single digits again this afternoon as most of the subtropical moisture will be east and south of this region. Expect little change Tuesday. By Wednesday, no thunderstorms are expected over Southern California. As the week progresses, thunderstorm coverage in the Sierras will decrease as the subtropical moisture shifts to the east of the state. A weak trough is expected to approach the state Friday which may lead to a resumption of onshore flow and cooler temperatures next weekend. A fresh batch of “monsoonal” moisture may surge into the southern part of the state next Saturday leading to scattered wet thunderstorms over Southern California next weekend.

Per Cal OES Fire Duty Officer and ICS 209 dated 07/07/14 at 1828 hours:

- 70 acres, 60% contained
- Cooper Type 2 IMT assigned
- Local Government overhead assigned
- Fire is holding in place with the help of daily air support
- No Local Government commitment
- The demobilization of resources has begun and will continue to increase
- A fire suppression repair plan has been completed and the work began on 07/07/14

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- On 7/8/14 the State Water Board will publicly release proposed water conservation requirements to reduce water waste across the state. These proposed emergency regulations include mandatory restrictions on water use, and will be considered by the Water Board on 7/15/14.
- California Department of Fish and Wildlife staff evacuated trout from a major hatchery on the American River last week to avoid a massive die-off of fish due to increased water temperatures in the hatchery. Over two million fish are being relocated and released earlier than normal due to drought conditions.
- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Situational Summary

The National Weather Service provided the following synopsis for the relationship of Blowing Dust Advisories and the drought conditions in southeast California: Dust storms are common due to increased thunderstorm activity and the winds produced with these storms, during monsoonal flows. The severity of the dust storms could be locally exacerbated by drought conditions. In any event, the public should monitor NWS for any advisories and warnings issued by NWS.

On July 1 2014, administration of the CDPH Drinking Water Program (DWP) transferred to the California State Water Resources Control Board (SWRCB) Division of Drinking Water. CDPH and the SWRCB entered a Memorandum of Understanding outlining a three-month transition period during which drought response activities and any other emergencies will be coordinated jointly between the two organizations.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-3978, Update:** On 7/6/14 at 1500 hours the San Bernardino County Sheriff's Department (SBSD) released the mutual aid Mine Team from Los Angeles Sheriff's Department (LASD). No mutual aid is scheduled for today, 7/7/14, as they re-evaluate future mine assignments, including possibly using a mixed team for a night operation later this week. This mission will remain opened in Cal EOC but listed as 'Suspended'. **Situation:** On 7/3/2014 at 1523 hours, The SBSD requested mutual aid resources to assist in the search for human remains as part of an active, ongoing homicide investigation in the Twenty Nine Palms area. The request was for a mine team and HRD K-9's to search undisclosed area's on Saturday and Sunday, July 5 & 6. The Law Branch Region I Coordinator contacted the Los Angeles County Sheriff's Department for their Mine Team and Cal OES Law Branch is coordinating the HRD K-9 response. On 7/4/14 at 1435 hours, San Bernardino County Sheriff's Department (SBSD) cancelled the K-9 portion of the request. Cal OES Law Branch K-9 Coordinator advised. The Mine Team response from LASD was still a go for 7/6/14.
- **2014-LAW-3981,** On 7/3/2014 at 1726 hours, the Glenn County Sheriff's Office requested SAR resources to assist in the search for human remains in the Sacramento River. On 6/21/14, a kayaker located human remains while on the River and notified authorities. Glenn County SO Detectives have been searching the area but with negative results and are requesting a mutual aid HRD K-9 to assist in a search for additional remains today, 7/07/14. Butte County SO is providing the requested resource and is coordinating directly with Glenn County.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
